

Features

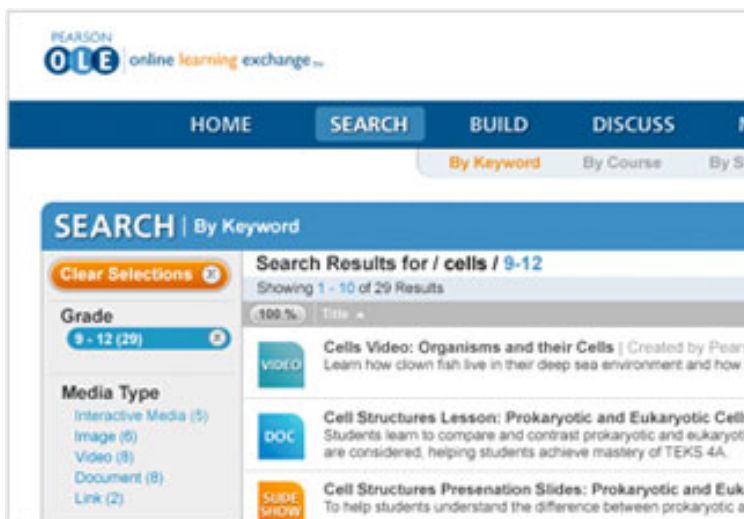

OLE™ has it all, high-quality content with tools that enable you to organize and customize assets to improve teaching and learning.

Home

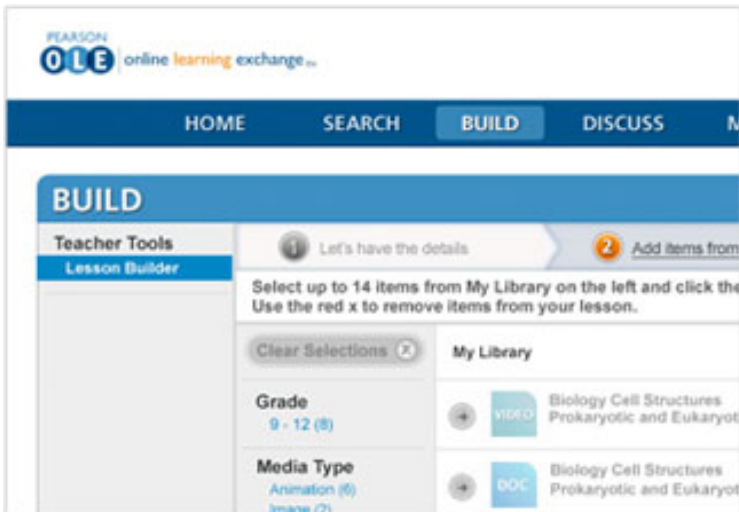

- All our resources are in one, easy-to-find place.
- Discover best-in-class content, make new connections, and exchange ideas.
- Stay up-to-date with what's in the news and current events
- Navigate through the site with ease

Search

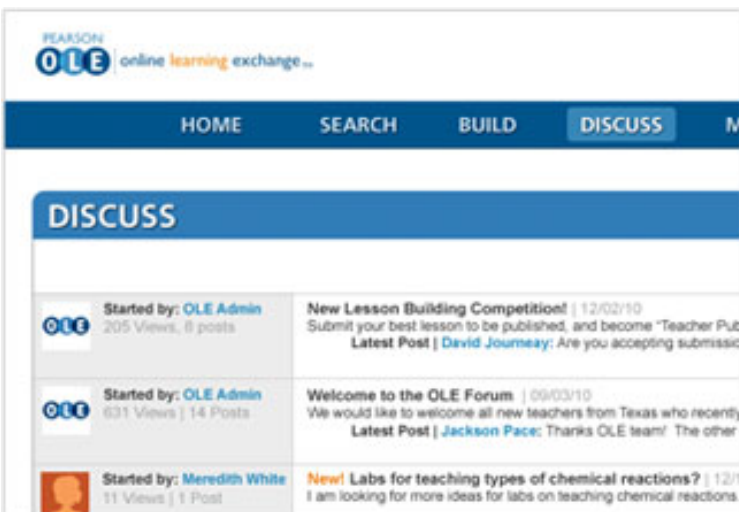

- Search for content by keyword, course, or standard
- Find new interactive media for your classroom.
- Access standards-aligned content

Build

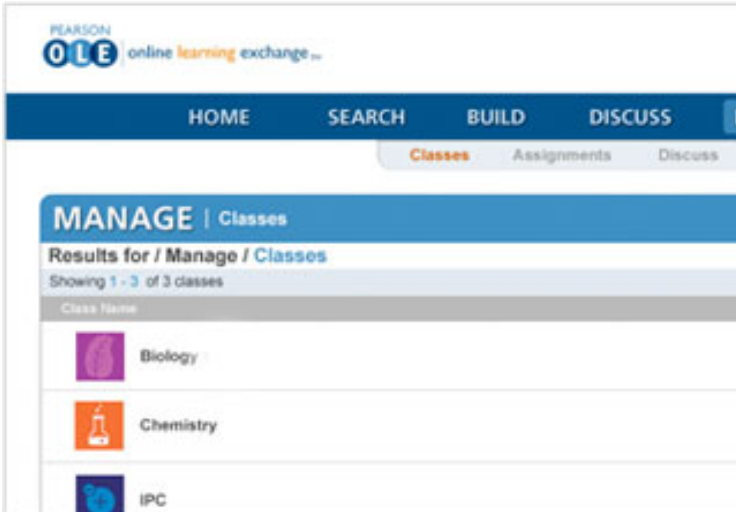

- Create visually engaging lessons easily with Lesson Builder.
- Pick and choose items from My Library to develop a lesson for your class.
- Use your custom-made lessons in class and share them with other teachers

Discuss

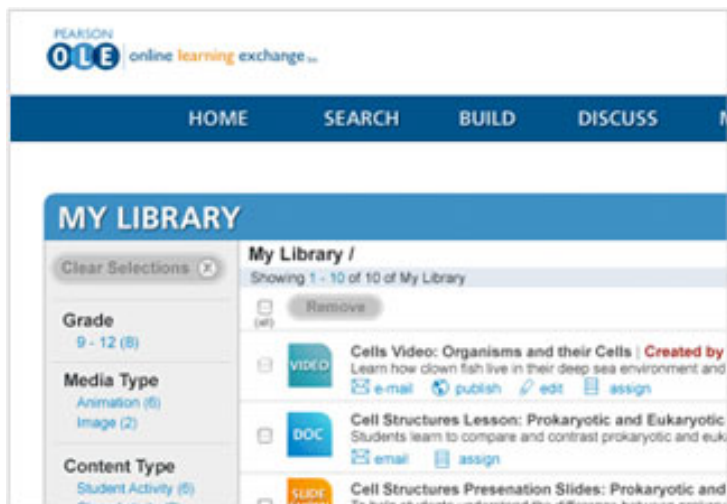

- Share opinions with other teachers and see who agrees/disagrees.
- Ask questions and get helpful answers from teachers in the know.
- Encourage a healthy debate or join one!

Manage

- Consider OLE™ your personal classroom organizer.
- Set up classes, track assignments, determine which students are on track and who needs help.
- Start a discussion about class topics.

My Library

- How's the file cabinet looking? With OLE™ you can keep everything you need at My Library.
- Upload class notes, course documents, presentations, videos, all those little pieces that make up a whole year's worth of teaching.
- Collect and keep our content or your content, all in one place.

OLE for Students

- Keep and organize assignments in one place.
- Create a customizable profile.
- Browse through course libraries to find what you need.
- Collaborate with other students and your teacher..
